CD Part Number	Part Number	Name	Description	Price	Comments
online only	CD-OD-ORB	Odyssey RAW Bundle	Includes activation for all RAW support, including ARRIRAW, Canon Raw, Sony FS Raw, and POV Raw. Any additional Raw formats/cameras that Convergent Design decides to support in the future will be available via a free firmware update, provided one has purchased the Odyssey Raw Bundle.	\$995	<p>Odyssey7Q and 7Q+ Recording options CANNOT be purchased (or rented) from Convergent Design using a standard purchase order. Rather, these options can be obtained via a credit card purchase from the Convergent Design website (www.convergent-design.com).</p> <p>Active Convergent Design dealers will obtain a commission for each recording option or rental, or extended warranty purchase, made on any Odyssey7Q previously sold by that dealer.</p> <p>The commission will be in the form of a credit memo which can be used against future purchases from Convergent. Credit memos will have a 6 month expiration period.</p> <p>The Odyssey7 / 7Q / 7Q+ all include basic recording features. However, all RAW/Multi-Stream features and options are only available on the Odyssey7Q and 7Q+. This web-based purchase/rental program eliminates inventory costs, processing time, collection costs, and RMAs, while eliminating price competition from other dealers.</p>
